

Pallet truck tags

With the new Pallet Truck Tag and Powered Pallet Truck Tag from Brady Corporation, companies can increase legal compliance, support better pallet truck checks and share inspection results on the equipment itself to improve pallet truck safety.

- Increased legal compliance: can hold up to 21 or 31 records of inspection results to better comply with EU Directive 2009/104/EC
- Best practice equipment checks: includes an inspection checklist on the back, based on best practices
- Visible on the equipment itself: can easily be fixed to pallet trucks and powered pallet trucks with cable ties or an adhesive strip and communicates whether a pallet truck was deemed fit for use after inspection

Try a Pallet Truck Tag or Powered Pallet Truck Tag and experience how it can support you. **Get a sample**

| Article No. | Order Reference | Description | Height (mm) | Width (mm) | Qty per Pack | Includes |
